*Subject: Nomination of Ms. Francesca Albanese and the Doctors of Gaza for the 2026 Nobel Peace Prize*

*Dear Esteemed Members of the Norwegian Nobel Committee,*

*We, the undersigned members of parliament, or other eligible bodies, and in accordance with the Nobel Foundation's statutes on nominators, respectfully submit the proposal of **Ms. Francesca Albanese**, United Nations Special Rapporteur on the situation of human rights in the Occupied Palestinian Territories, and **the doctors of Gaza**, including **Dr. Hussam Abu Safiya** and **Dr. Sara Al-Saqqa**, for the 2026 Nobel Peace Prize.*

***Ms. Albanese** has demonstrated extraordinary moral courage, intellectual rigor, and an unwavering commitment to international law and the protection of human rights in one of the most enduring and politically charged conflicts of our time. As a principled defender of international law and justice, her work has brought global attention to the plight of civilians living under occupation in the West Bank and Gaza, consistently advocating for accountability, justice, and a peaceful resolution through legal and diplomatic means.*

*Despite intense political pressure and personal attacks, **Ms. Albanese** has maintained her independence and integrity, upholding the values of the United Nations Charter and international humanitarian law. Her efforts meaningfully contribute to the conditions necessary for a just and lasting peace in the Middle East – and, by extension, to the broader cause of global peace and human dignity.*

*This nomination reflects not only **Ms. Albanese's** remarkable personal contributions, but also a recognition of the vital role that independent human rights mechanisms and international institutions – built in the aftermath of the Second World War to protect the dignity and rights of all people – continue to play in conflict resolution and peacebuilding worldwide.*

We also nominate the **doctors of Gaza**, including **Dr. Hussam Abu Safiya** and **Dr. Sara Al-Saqqa**, in recognition of their extraordinary courage, medical service, and humanitarian commitment amidst one of the gravest humanitarian crises of the modern era.

Despite catastrophic conditions, including the targeting of hospitals, personal loss, detention, and death, Gaza's doctors have continued to uphold the highest standards of medical ethics, saving lives under unimaginable circumstances with dignity, neutrality, and compassion.

Among them, **Dr. Hussam Abu Safiya**, a paediatrician and neonatologist who served as director of Kamal Adwan Hospital until its evacuation in 2024, is currently detained by Israeli forces. **Dr. Sara Al-Saqqa**, the first female surgeon in Gaza, is also known for her courageous frontline care and for documenting the medical crisis through her reporting on social media during the ongoing conflict.

These health workers are just some among those who have risked their lives to uphold the sanctity of medical care. They have operated under bombardment, amidst collapsing infrastructure, mass displacement, and deep personal loss, yet have continued to save lives regardless of nationality, identity, or affiliation.

We therefore strongly believe that this nomination embodies the very spirit of **Alfred Nobel's will**, wherein the prize shall be awarded to those who "shall have done the most or the best work for fraternity between nations, for the abolition or reduction of standing armies and for the holding and promotion of peace congresses."

I respectfully urge the Honourable Committee to give full and fair consideration to the nomination of **Ms. Francesca Albanese** and **the doctors of Gaza** for this distinguished honour.

With sincere regards,
